

# **DOCULAND**

## **Print & Copy Center**

**E**stablished ten years ago, Doculand filled a niche in the local market whereby it catered to every firm's professional services needs. It offered distinguished high-quality service complimented by the latest high-tech machines rarely found elsewhere in the Middle East.

With a team of elite, highly-trained professionals and four branches that cover Greater Beirut, Doculand became an acclaimed professional business center sought, not only for its high-quality work, but also for its unmatched fast service.

Doculand has always managed to be a step ahead of the market by being available to cater to its customers' needs 24 hours a day, 7 days a week.

In 2008, Doculand opened its first branch outside Lebanon, in Amman, Jordan.

It is worth mentioning that we have been the first professional business center in Lebanon to introduce the availability of office supplies and equipment to its line of work.

We believe that our customers should find all that their business might need at Doculand.

For thirteen years now, Doculand was and still is leading the way...
